

Your step-by-step guide to savings.

We're here to guide you through every step of the application process and help you identify the incentive or program that fits your business best. Here's how it works:

- 1 Find a contractor.** Use our handy Find a Contractor tool on our website to connect with local experts and discuss eligible measures.
- 2 Set up an account and apply** for your rebate online at pplelectric.com/businessrebates.
- 3 Reserve your funds** with pre-approval from our program team and, if required, get a pre-verification.
- 4 Install** your energy-efficient equipment and/or systems.
- 5 Submit** your final application and supporting documentation (itemized invoice, scope changes, etc.) as needed.
- 6 Prepare for final review.** Watch for email requests for additional documentation or a post-site verification, if required.
- 7 Receive your incentive check** in approximately 4–6 weeks after completion of final review.

Please email PPLBusiness@clearesult.com or call **1-866-432-5501** to speak with a member of our team.

Pre-approval is required. Program availability and incentive levels are effective June 1, 2021 and are subject to change and/or termination without prior notice. Incentives and discounts offered are subject to customer meeting program eligibility. The costs of energy efficiency programs are recovered through customer rates in accordance with the Pennsylvania Act 129 of 2008. PPL Electric Utilities assumes no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any contractor. Refer to Terms and Conditions on pplelectric.com/businessrebates.

Turn your energy savings into profits.

Welcome to the PPL Business Energy Efficiency Program

Everything your business needs to save energy is now under one roof. Our Business Energy Efficiency Program aims to give you easy and affordable opportunities to lower your annual energy costs, connect with local contractors, save on high-efficiency upgrades and more.

Whether your business is small but mighty, large yet local or anywhere in between, we offer a variety of flexible prescriptive and custom incentive options to help you reach your energy efficiency goals.

Your paths to savings

All business customers with facilities in our service territory are eligible to participate. We help you find the path that's right for you – from prescriptive and custom to Direct Discount and Instant Discounts – so you can start saving energy all year.

Prescriptive and custom incentives increase the ROI of installing energy-efficient equipment. Eligible upgrades include, but are not limited to:

- Combined heat and power (CHP)
- Compressed air
- Refrigeration
- Lighting
- Process improvement controls
- HVAC
- Variable frequency drives (VFDs)
- Solar

Business incentives structure*

Project category	INCENTIVE (per kWh)	INCENTIVE (per kW)
 Lighting	\$0.02	\$185
 Efficient Equipment	\$0.02	\$200
 Custom	\$0.02	\$250
 CHP/Solar	\$0	\$1,000
 Direct Discount Program	\$0.10	\$185

*Pre-approval is required on all projects. Pre-approval means that a project application must be submitted in good order and receive a pre-approval letter before construction begins. Incentives are capped at 50 percent of project cost, up to \$500,000. Incentives for Direct Discount Program are capped at 80 percent.

Our Direct Discount Program lets small businesses with a GS1 or GS3 rate code save \$0.10 per kWh and \$185 per kW annually on eligible refrigeration, compressed air and lighting projects—covering up to 80 percent of the project cost.

Get **instant discounts** on qualified lighting products when you purchase from local participating distributors. Just provide your PPL account number. No forms or applications required!
